In an effort to provide the community with accurate and comprehensive information regarding available community resources, we are pleased to present this annual **Community Resource Directory**. This document is produced as a collaborative effort between United Way of Portage County, Aging & Disability Resource Center of Portage County and Portage County Health & Human Services, and the Stevens Point Buyers' Guide. The purpose of this directory is to provide a complete guide to service providers and resources in our community.

Please save this directory to use it throughout the year to help you, a family member or a friend locate a program, product or service. It is our intention to further expand and enhance the directory with each year's publication. We welcome your comments and suggestions to improve future directories.

United Way of Portage County, Aging & Disability Resource Center of Portage County, and Portage County Health & Human Services do not assume responsibility for the services, nor do we endorse advertising content in this directory. Further, this publication does not represent all businesses and organizations serving the community of Portage County. We have made every effort to make this directory useful to community members, and regret if an agency was omitted. An organization's inclusion or exclusion is not a reflection of its merit. Agencies and businesses with information to be considered for future publications should contact our office.

We would like to thank the Stevens Point Buyers' Guide and the advertisers in this directory for helping to make this publication possible.
